

Schedule of Benefits

MyPriority PPOSM

70% Network — 50% Non-Network with 50% Generic (Only) Drug Coverage

Your Policy provides you with important information about your health care benefits, including prior approval requirements and your Coverage level choices. You may obtain medical services from a Network Provider and receive a higher level of benefits (the Network Benefits level), or you may obtain services from a Non-Network Provider and have coverage under the Non-Network Benefits level.

This Schedule of Benefits provides you with information about your costs at both benefit levels when you receive health care services and the maximum limitations of your health care benefits. Read the entire Policy, Schedule of Benefits and any Plan Addenda carefully.

In accordance with the terms and conditions of the Policy, you are entitled to Covered Services when these services are:

- A. Medically/Clinically Necessary (as defined in the Policy and according to Medical and Behavioral Health policies established by Priority Health with the input of physicians not employed by Priority Health or according to criteria developed by reputable external sources and adopted by Priority Health); and
- B. Not excluded in the Policy or in an Addendum or an Amendment to the Policy.

See Section 5 of your Policy for Covered and Non-Covered Services, including the summary of Covered Preventive Health Care Services. Priority Health's complete preventive health care guidelines are available in our Member Center on our website at priorityhealth.com, or you may request a copy from our Customer Service Department.

PRE-EXISTING CONDITION EXCLUSION

(This provision does not apply to anyone under the age of 19.)

Benefits will be excluded for each Illness or Injury or condition not disclosed on your application, for which, during the six month period prior to your effective date, medical advice, diagnosis, care or treatment was recommended by or received from a Health Professional. For purposes of this limitation, "treatment" includes the use of prescription drugs. Genetic information is not treated as a Pre-Existing Condition in the absence of a diagnosis of a condition related to the genetic information.

This Pre-Existing Condition exclusion will apply until the end of the twelve-month period beginning on your effective date under this Policy. The Pre-Existing Condition exclusion does not apply to a newborn who becomes a Covered Dependent under this Policy within 31 days after the birth.

BENEFIT WAITING PERIOD

Certain surgeries and the treatment of certain conditions are excluded from Coverage during your first 90 consecutive days of Coverage under the Policy, beginning with your most recent effective date. Surgeries subject to the 90 day waiting period include: Tonsillectomy, Adenoidectomy, Hemorrhoidectomy, Hysterectomy and Bunionectomy, Surgical treatment of the following conditions are also subject to the 90 day waiting period: Cystocele, Enterocoele, Rectocele, Urethrocele, Uterine Prolapse, Inguinal Hernia (other than strangulated or incarcerated), Carpal Tunnel Syndrome and Varicose Veins.

PRIOR APPROVAL

Prior approval is required before you may obtain certain services. If you seek services that require prior approval, without receiving prior approval from us, your benefits will be reduced for those services. You will also be responsible for those services that are beyond those approved, beyond the benefit maximums or excluded from Coverage.

You or your physician must call (800) 269-1260 to obtain prior approval for services. Emergency admissions must be reported to us as soon as reasonably possible after admission.

DEDUCTIBLE AND OUT-OF-POCKET MAXIMUMS

A. Deductibles:

The Deductible is the amount you must pay for Covered Services during the Contract Year before benefits will be paid. The Network Benefits Deductible is applicable to all Covered Services except:

- First four office visits per Member per Contract Year,
- Prescription drugs benefits, and
- Preventive Health Care Services designated to maintain an individual in optimum health and to prevent unnecessary injury, illness or disability. See Section 5.IV.A.1 of your Policy for the summary of Covered Preventive Health Care Services. Prenatal and pregnancy services are not Covered under the Policy.

The Non-Network Benefit Deductible is applicable to all Covered Services, except prescription drug benefits.

Notwithstanding the above, the following out-of-pocket Member costs do not apply towards the Deductibles:

- any monies you paid for Non-Covered Services; and
- any monies you paid for Covered Services that exceed the annual day, visit or dollar benefit maximum for a specific benefit and therefore, denied as non-Covered Services; and
- any reduction in payment for failure to preauthorize services; and
- any monies you paid to providers for Non-Network Benefits that exceed Reasonable and Customary; and
- any monies you paid for Covered Services because the combined Network Benefits and Non-Network Benefits Maximum Annual Benefit per Contract Year is exhausted.

The Network and Non-Network Deductibles are calculated separately. Deductible amounts you pay, whether under the Network Benefits or Non-Network Benefits, are excluded from any Network or Non-Network Out-of-Pocket Maximums.

The Deductible renews each Contract Year. Deductible amounts do not carry over into a new Contract Year.

| Deductibles | Network Benefits | Non-Network Benefits |
|---------------------------------------|--|--|
| Subscriber Only Contract | \$1,000.00 | \$2,000.00 |
| Subscriber Plus Dependent(s) Contract | \$2,000.00 (but not to exceed the Subscriber Only Deductible per person) | \$4,000.00 (but not to exceed the Subscriber Only Deductible per person) |

B. Out-of-Pocket Maximums:

The Network Benefits Out-of-Pocket Maximum applies to certain Network Benefits level services. The Non-Network Benefits Out-of-Pocket Maximum applies to certain Non-Network Benefits level services. The Out-of-Pocket Maximums limit the total amount of Covered benefits expenses that you or your Covered Dependents will pay during a Contract Year, except as described below.

| Out-of-Pocket Maximums | Network Benefits | Non-Network Benefits |
|---------------------------------------|---|--|
| Subscriber Only Contract | \$2,000.00 | \$10,000.00 |
| Subscriber Plus Dependent(s) Contract | \$4,000.00 (but not to exceed the Subscriber Only Out-of-Pocket Maximum per person) | \$20,000.00 (but not to exceed the Subscriber Only Out-of-Pocket Maximum per person) |

Amounts paid for any of the following will not apply toward the Out-of-Pocket Maximum:

- any flat dollar Copayments, such as Copayments for office visits, emergency room and urgent care visits
- any monies you paid for prescription drugs – retail pharmacy
- any reduction in benefits for failure to obtain prior approval when necessary
- Deductibles
- any monies you paid for non-Covered Services

- any monies you paid for Covered Services that exceed the annual day/visit or dollar benefit maximum for a specific benefit and therefore, denied as non-Covered Services
- any monies you paid to providers for Non-Network Benefits that exceed Reasonable and Customary
- any monies you paid for Covered Services because the combined Network Benefits and Non-Network Benefits Maximum Annual Benefit per Contract Year is exhausted

After meeting the Out-of-Pocket Maximum, the Copayments for Network Benefits services still apply.

Note: Copayments made for any Network Benefits Covered Services obtained under a supplemental benefit Addendum may not be applied toward the above Network Benefits Out-of-Pocket Maximum. If your plan has a Deductible, the Deductible amounts you pay will not apply toward the Network Benefits Out-of-Pocket Maximum.

The Out-of-Pocket Maximum limits the total amount of covered expenses that you or your dependents will pay during a Contract Year. Once the Out-of-Pocket Maximum for the Network benefits level is met, all further medical Covered Services for that Contract Year for Network Benefits will be paid at 100% of Priority Health's contracted rate. Once the Out-of-Pocket Maximum for the Non-Network Benefits level is met, all further medical Covered Services for the Contract Year for Non-Network Benefits will be paid at 100% of the lesser of billed charges or Reasonable and Customary Charges.

Note: If the reduction in benefits for failure to obtain prior approval applies, the amount Priority Health pays will be reduced even if the Network Benefits Out-of-Pocket Maximum has been reached.

C. Maximum Annual Benefit Per Member Per Contract Year:

\$2,000,000.00 is the combined Maximum Annual Benefit per Member for all Network and Non-Network Covered Services per Contract Year*.

\$1,000,000.00 is the maximum annual transplant benefit per Member for all Covered transplants per Contract Year. This amount is included in and part of the Maximum Annual Benefit per Member described in the paragraph above.

MEDICAL PLAN PHARMACY SERVICES

In general, Covered drugs are treated as medical benefits when administered in an inpatient or emergency setting, or when the drug requires injection or infusion by a Health Professional. Exceptions to this rule are outlined in our medical policies.

The Deductible will apply to Covered medical plan pharmacy services that are detailed below.

Medication Formulary - A list of both Generic and Brand Name Drugs, including Specialty Drugs, approved by Priority Health Pharmacy and Therapeutics Committee for use by our Members. Preferred Brand Name Drugs are usually Brand Name Drugs that have been on the market for a while or are commonly prescribed and have been selected based on their clinical effectiveness and safety. Non-preferred Brand Name Drugs are usually the highest cost drugs in a given category that have lower-cost alternatives with equal or better clinical effectiveness.

Specialty Drug - Drugs listed on the Medication Formulary meeting certain criteria, such as:

- drugs or drug classes whose cost on a per- month or per-dose basis exceeds the threshold established by the Centers for Medicare and Medicaid Services; or
- drugs that require special handling or administration; or
- drugs that have limited distribution; or
- drugs in selected therapeutic categories.

Specialty Pharmacy - A Pharmacy that specializes in the handling, distribution, and patient management of Specialty Drugs.

MAXIMUM LIMITATIONS

- * **Benefit Maximums:** Benefit maximums up to a certain number of days/visits/dollar amounts per Contract Year are reached by combining either Network or Non-Network Benefits up to the limit for one or the other, but not both. (Example: If Network Benefits is for 60 visits and Non-Network Benefits is for 60 visits, the maximum benefit is 60 visits, not 120.) Benefit maximums apply even when continued care is Medically/Clinically Necessary beyond the benefit maximum.
- ** **Reasonable and Customary Charge – Non-Network Benefits:** Your Non-Network Benefits will be calculated using the lower of billed charges or Reasonable and Customary Charges for such service(s). See your Policy for details.

OUTPATIENT PRESCRIPTION DRUGS – RETAIL PHARMACY

Generic Drugs Only Option

Covered Services

Coverage is provided for Generic Drugs on our Medication Formulary as outlined below. (Additionally, by presenting your ID Card at a Network Pharmacy, you will only have to pay the discounted cost of Brand Name Drugs and Specialty Drugs that Priority Health has negotiated with Network Pharmacies.)

In general, Covered Generic Drugs are treated as outpatient prescription drug benefits when they are obtained at a retail Pharmacy and can be self-administered regardless of the setting. Exceptions to this rule are outlined in our medical policies.

Prescription drugs Coverage is subject to the Deductibles, Copayments and Coinsurance as well as any maximum benefit outlined above in this Schedule of Benefits to this Policy.

Coverage is based on the usage of our Medication Formulary, which is a list of both Generic and Brand Name Drugs approved by Priority Health physicians and pharmacists for use by our Members. Drugs are added to, or removed from, the Medication Formulary on a regular basis.

We will cover outpatient prescription Generic Drugs that:

- (a) require a prescription order written by a Physician,
- (b) are dispensed by a Network Pharmacy, including our designated mail order pharmacy, and
- (c) are listed in our Medication Formulary. (Limitations and exclusions to the Medication Formulary apply. See *Non-Covered Services* section below.)

We will not Cover prescription drugs for which Coverage is excluded. See *Non-Covered Services* section below.

We will Cover outpatient prescription Generic Drugs dispensed by a Non-Network Pharmacy during a Medical Emergency or Urgent Care situation.

Covered outpatient prescription Generic Drugs include some or all of the following:

- Federal legend drugs - medicinal substances available only through prescription.
- State-restricted drugs - medicinal substances which, according to state law, may only be dispensed by prescription.
- Injectable insulin and disposable syringes and needles for administration of injectable insulin; nonexperimental medication for controlling blood sugar; and medication used in the treatment of ailments, infections or medical conditions of the foot, ankle or nails associated with diabetes. (Note: Diabetic supplies such as syringes, needles, lancets, and blood glucose test strips, can be purchased at a Network Pharmacy and your prescription drug Copayment or Coinsurance will apply. These supplies can also be purchased at a Network or Non-Network Durable Medical Equipment (DME) provider and your DME Copayment or Coinsurance will apply as listed in the Schedule of Benefits.)
- Oral contraceptives (birth control pills), even if for a medical condition other than birth control.

Determination of whether a drug is labeled as a Generic or a Brand Name will be made by First Databank, the leading national electronic drug database for determining pricing and categories of drugs. A compound drug is considered to be a Brand Name drug.

Non-Covered Services

- Except for drugs listed in Preventive Health Care Services, drugs which are labeled as Brand Name Drugs, including compounded medications, or Specialty Drugs. (However, by presenting your ID Card at a Network Pharmacy, you will only have to pay the discounted cost of Brand Name Drugs and Specialty Drugs that Priority Health has negotiated with Network Pharmacies.)

- Drugs which do not, by federal or state law, require a prescription order (over-the-counter (OTC) drugs). **Note:** We may elect to include certain OTC drugs on the Medication Formulary, based on recommendations made by our Pharmacy and Therapeutics Committee.
- Any legend drugs for which an over-the-counter (OTC) equivalent is available without a prescription order, such as Lotrimin.
- Any non-sedating antihistamine (NSA), such as Zyrtec.
- Any proton pump inhibitor (PPI), such as Prilosec OTC.
- Schedule V controlled substances available without a prescription order.
- Therapeutic or testing devices, appliances, and medical supplies, support garments and other non-prescription supplies or substances regardless of their intended use.
- Injectable drugs not listed in the *Covered Services* sections of this Pharmacy Services category.
- Syringes, needles or disposable supplies, other than disposable syringes and needles prescribed with injectable insulin.
- Charges for the administration of prescribed legend drugs or injectable insulin. This exclusion does not apply to the administration of flu shots.
- Cosmetics or any drugs used for cosmetic purposes (such as, for example, drugs for the treatment of wrinkles, hair loss, medication to treat fungal discoloration of nails, and health or beauty aids).
- Testing reagents, insulin pumps and tubing for insulin pumps.
- Drugs used primarily to treat mental health disorders.
- Drugs for the treatment of sexual dysfunction, regardless of age, gender or health status.
- Drugs for the treatment of infertility.
- Non-oral methods of contraceptive management, even if administered by a Physician or dispensed by a Pharmacy, such as transdermal and implantable contraceptives; diaphragms and IUD's (including measurement); and condoms, foams, jellies or ointments and other drugs or devices available over the counter.
- Drugs for smoking cessation except for drugs listed in Preventive Health Care Services.
- Multivitamins (including prenatal vitamins) and nutritional supplements, except when these are the only means of nutrition.
- Drugs used for the purpose of weight reduction (such as, for example, appetite suppressants) except for drugs listed in Preventive Health Care Services.
- Any medication prescribed in a manner other than in accordance with our procedures.
- Prescription drugs for procedures and services that are not Covered Services, except for anti-rejection drugs in connection with organ transplants which are Covered.
- Any medication which is consumed or administered at the place where it is dispensed. This exclusion does not apply to flu shots.
- Replacement of lost or damaged prescriptions.
- Drugs for which no charge is made to the recipient.
- Any drug labeled "Caution: Limited by Federal Law to Investigational Use," and any experimental drugs.
- Drugs not approved by the Food and Drug Administration (FDA) under the Federal Food, Drug and Cosmetic Law and regulations.
- Prescription orders filled before your effective date or after your termination date of the Coverage under this Policy.
- Refills in excess of the amount specified by the prescriber, and any refill dispensed after one year from the order of the prescriber.
