Dear <<Member First Name>> <<Member Last Name>>

You can save money on your health care this year with **HealthbyChoice** Incentives, which is a plan your employer has selected to encourage healthy life styles. To qualify for lower copays and deductibles, you and your covered spouse must qualify for the **Choice** benefit level by

<<Due Date>>.

**Qualify for the money-saving Choice benefit level before <<Due Date>>.**

You must complete the following steps to qualify for the **Choice** benefit level. If you don't complete all of the steps listed below by <<90 days after effective date>>., your coverage will change to the **Standard** benefit level, with higher copayments and deductibles.

- 1 Complete the **HealthQuotient** online health risk assessment available at *priorityhealth.com*.
2. Contact your health care provider to complete a qualification form that states if you meet the criteria for three health indicators:
  - Do not use tobacco
  - Body mass index is under 30
  - Blood pressure under 140/90
3. Three additional steps are required if you don't meet one or more of the health indicator criteria:
  - Fasting blood sugar test
  - Fasting cholesterol test
  - Agree to your provider's treatment program
4. Spouse must complete outstanding requirements

**Learn more about your HealthbyChoice requirements at *priorityhealth.com*:**
