An **Attending Physician** is a Primary Care Provider (PCP) who supervises a resident doctor. When you choose an Attending Physician as your PCP, that doctor's name will be on your member ID card. However, you will be seen by a resident doctor.

A **Supervising Physician** is a specialist who supervises a resident doctor. When you are assigned to a Supervising Physician for specialty care, you will be seen by a resident doctor.

This directory lists participating providers as of December 2009 and is subject to change. Please call the Customer Service Helpline at 1 888-975-8102 or 616 464-8102 for more information.

# USING THIS DIRECTORY

Priority Health has many doctors, specialists, and other health care resources on our team ready to serve you. All doctors and hospitals listed meet very high standards. This is just one of the ways Priority Health helps you receive quality health care.

## How to Use this Directory

The *Provider Directory* sorts the doctors in our network of doctors into two lists:

1. *Alphabetical list of Primary Care Providers (PCPs)*. This list will show all the PCPs in alphabetical order by last name. It also notes the page number where you can look for the doctor's address and phone number.
2. *Geographical list of Primary Care Providers (PCPs)*. In this section, all of Priority Health's PCPs are listed under the cities where their office is located.

This directory also lists hospitals, pharmacies and eye doctors that offer a discount for Priority Health members.
