

APPENDIX C ACCEPTANCE/CONTINUED PARTICIPATION CRITERIA CHIROPRACTOR

In order to be allowed acceptance into or continued participation in Priority Health, chiropractors must satisfy the following listed criteria.

1. Successful completion of training from an approved Chiropractic program accredited by the Council on Chiropractic Education.
2. A valid, current, and unrestricted license to practice chiropractic medicine in the State of Michigan. Practitioners must provide information regarding any previous loss of license or any voluntary relinquishment of license and provide evidence that these earlier incidents do not demonstrate probable future substandard professional performance.
3. Chiropractors must hold valid, current, and unrestricted licenses/required certifications issued by the State(s) in which they practice their healing art. Chiropractors must provide information regarding any previous loss of license or certification, or any voluntary relinquishment of license or certification, and provide evidence that these earlier incidents do not demonstrate probable future substandard professional performance. A chiropractor without a valid license due to suspension or revocation by the State of Michigan Licensing Board or, failure to renew within the allowed grace period, will be subject to automatic and immediate termination from the Priority Health network.
4. If a practitioner holds hospital membership/privileges, these must be in good standing. A practitioner must provide information regarding any previous loss of privileges or voluntary relinquishment of privileges and provide evidence that these earlier incidents do not demonstrate probable future substandard professional performance.
5. Practitioner must be in good standing under the Medicare and Medicaid programs.
6. Practitioner must maintain current professional liability insurance coverage meeting minimum limits of \$100,000 per occurrence and \$300,000 aggregate.
7. Practitioner must have an absence of a history of involvement in a malpractice suit, arbitration or settlement; or in the case of a practitioner with this history, evidence must be provided that the history of malpractice involvement is not indicative of probable future substandard professional performance.
8. Practitioner must have an absence of a history of denial or cancellation of professional liability insurance; or in the case of a practitioner with this history, evidence must be provided that the history is not indicative of probable future substandard professional performance.
9. Practitioner must have an absence of a history of involuntary termination of employment or contract as a health care practitioner; or in the case of a practitioner with this history, evidence must be provided that this history is not indicative of probable future substandard professional performance.
10. Practitioner must have an absence of a history of professional disciplinary action; or in the case of a practitioner with this history, evidence must be provided that this history is not indicative of probable future substandard professional performance.
11. Practitioner must have an absence of a history of failing to conduct themselves with a professional demeanor or of engaging in abusive or destructive behavior in professional matters. Practitioner must avoid conduct which reflects adversely on their professional fitness.

12. Chiropractors must have an absence of an unstable work history by demonstrating a current, stable, verifiable work history of a minimum of two consecutive years of post graduate and/or licensure, professional work experience. In the case of a Chiropractor with an unstable history, evidence must be provided that this history is not indicative of probable future substandard professional performance.
13. Chiropractors must provide evidence of their ability to meet the Administrative Standard for After Hours Coverage. Evidence may be supplied via the initial application or through separate written documentation.
14. Practitioner must have an absence of a history indicating (in the sole discretion of Priority Health) a tendency toward inappropriate utilization management of medical resources.
15. Practitioner must have an absence of a history of criminal conviction or indictment; or, in the case of a practitioner with this history, evidence must be provided that this history is not indicative of probable future substandard professional performance. A conviction within the meaning of this criterion includes a plea or verdict of guilty or a conviction following a plea of no contest.
16. Practitioner must have an absence of any history, in addition to that specified in other Criteria, that in any way is indicative of probable future substandard professional performance.
17. Practitioner must have an absence, or adequate control of, physical, mental health, or substance abuse problems which may interfere with their ability to practice their profession or facilitate cooperative working relationships, or which may pose a threat to their patients. In conjunction with this requirement, practitioner must cooperate openly and fully with any required health assessment and must provide any reasonably requested evidence of health status.
18. Practitioner must comply with all Priority Health rules, regulations, bylaws, and the terms of their practitioner participation agreements.
19. Practitioner must demonstrate their willingness to provide appropriate and necessary emergency or non-emergency medical treatment within the scope of their expertise to any Priority Health member seeking treatment.
20. Practitioner shall not be known to have made any misrepresentations to Priority Health's Board of Directors, employees, agents, or enrollees regarding the provision of services to enrollees.
21. Chiropractors under a group contract whom are terminated from that group are no longer considered contracted with Priority Health and are subject to immediate and automatic termination from the Priority Health network. Chiropractors may contact Priority Health to determine eligibility to contract with Priority Health on an individual basis.
22. Practitioner shall not have falsified information on their applications, provided inaccurate information on their applications, failed to respond to requests for additional information or failed to notify the Physician Credentialing Committee regarding relevant changes in their status. Any application not meeting this criteria will be considered incomplete, made inactive and will not be processed.

Consideration for participation also includes:

1. Review of treatment techniques utilized and general practice procedures;
2. Demonstration of willingness to comply with Priority Health's quality management and utilization management procedures;
3. Successful completion of a site visit covering requirements regarding facility access, safety, cleanliness, staffing resources, office procedures, and record keeping;
4. Demonstration of willingness to refer to Primary Care Provider as appropriate, including referral for non-neuromusculoskeletal conditions or procedures
