Prior authorization criteria

The following requirements need to be met before this drug is covered by Priority Health Medicare. These requirements have been approved by the Centers for Medicare and Medicaid Services (CMS), but you may ask us for an exception if you believe one or more of these requirements should be waived.

For this drug to be covered, the patient must meet the following criteria:

1. Must have a diagnosis of anaplastic lymphoma kinase (ALK)-positive, metastatic non-small cell lung cancer (NSCLC) or another medically-accepted indication*
2. Must have progressed on or is intolerant to crizotinib (Xalkori)

Additional information

Note: Coverage is provided for 12 months per approved authorization

Medically accepted indication

This drug is only covered under Medicare Part D when it is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- — or — supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information and the DRUGDEX Information System)

Priority Health Precertification Documentation
