Precertification Requirements

Before this drug is covered, the patient must meet one of the following requirements:

1. Must be used to treat chronic lymphocytic leukemia in combination with Leukeran for treatment naïve patients; or
2. Must be used to treat follicular lymphoma after prior treatment with Rituxan.

Medically accepted indication

This drug is only covered under Medicare Part D when it is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- — *or* — supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information, the DRUGDEX Information System, and the USPDI or its successor.)

Priority Health Precertification Documentation
