Prior authorization criteria

The following requirements need to be met before this drug is covered by Priority Health Medicare. These requirements have been approved by the Centers for Medicare and Medicaid Services (CMS), but you may ask us for an exception if you believe one or more of these requirements should be waived.

For this drug to be covered, the patient must meet the following criteria:

1. Must be used for treatment of cystic fibrosis
2. Must be age 2 or older
3. Must have laboratory confirmation of the homozygous F508del mutation in the CFTR (cystic fibrosis transmembrane regulator) gene

Additional information

Note: When criteria are met, duration of approval will be for 1 year. Orkambi is limited to a quantity of 120 tablets or packets per 30 days.

Medically-accepted indication

This drug is only covered under Medicare Part D when it is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- — or — supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information and the DRUGDEX Information System)
