Prior authorization criteria

The following requirements need to be met before this drug is covered by Priority Health Medicare. These requirements have been approved by the Centers for Medicare and Medicaid Services (CMS), but you may ask us for an exception if you believe one or more of these requirements should be waived.

Before this drug is covered, the patient must meet all of the following requirements:

1. Must have a diagnosis of hypogonadism or another medically-accepted indication*
2. Must be male
3. Must have a serum total testosterone level less than 300 ng/dL on more than one occasion in the past year
4. Must have clinical signs and symptoms consistent with androgen deficiency
5. Must be screened for prostate cancer before starting therapy and routinely while on therapy (if appropriate):
   - Required for men over age 50
   - Required for men over age 40 who are African-American or have a family history of prostate cancer
6. Must have a documented trial and failure to a generic injectable testosterone product**
   - Failure is an intolerance or an inability to improve symptoms or testosterone levels after 2 months of therapy

**Note: This requirement only applies to members who are enrolled in a MAPD (Medicare Advantage Prescription Drug) plan.

Additional information

Note: When criteria are met, duration of approval is 1 year

All fields must be complete and legible for review. Your office will receive a response via fax.

Medically-accepted indication*

This drug is only covered under Medicare Part D when it is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- — *or* — supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information and the DRUGDEX Information System)

Priority Health Precertification Documentation
