Prior authorization criteria

The following requirements need to be met before this drug is covered by Priority Health Medicare. These requirements have been approved by the Centers for Medicare and Medicaid Services (CMS), but you may ask us for an exception if you believe one or more of these requirements should be waived.

1. Diagnosis of non-small cell lung cancer that is anaplastic lymphoma kinase (ALK) positive
2. Must be 18 years of age or older
3. Patient must have an Eastern Cooperative Oncology Group (ECOG) performance status between 0 and 3

Medically accepted indication

This drug is only covered under Medicare Part D when it is used for a medically accepted indication. A medically accepted indication is a use of the drug that is *either*:

- approved by the Food and Drug Administration. (That is, the Food and Drug Administration has approved the drug for the diagnosis or condition for which it is being prescribed.)
- — or — supported by certain reference books. (These reference books are the American Hospital Formulary Service Drug Information, the DRUGDEX Information System, and the USPDI or its successor.)

Priority Health Precertification Documentation

A. What condition is this drug being requested for?

- Non-small cell lung cancer (ALK-positive)
- Other – the patient’s condition is: _____

B. What is the patient’s ECOG performance status?

- 0: Fully active, able to carry on all pre-disease performance without restriction
- 1: Restricted in physically strenuous activity but ambulatory and able to carry out work of a light or sedentary nature (e.g. light house work, office work)
- 2: Ambulatory and capable of all self care but unable to carry out any work activities; up and about more than 50% of waking hours
- 3: Capable of only limited self care, confined to bed or chair more than 50% of waking hours
- 4: Completely disabled; cannot carry on any self care; totally confined to bed or chair

Priority Health Medicare exception request

Do you believe one or more of the prior authorization requirements should be waived? Yes No

If yes, you must provide a statement explaining the medical reason why the exception should be approved.

Would Xalkori likely be the most effective option for this patient?

Yes No

If yes, please explain why: _____

If the patient is currently using Xalkori, would changing the patient’s current regimen likely result in adverse effects for the patient?

Yes No

If yes, please explain: _____
