

Insurance Option Summary – Michigan Public School Retirees

Your Health Plans

The Michigan Office of Retirement Services (ORS) strives to be good stewards of your pension and healthcare dollars. We work with the Michigan Public School Employees' Retirement Board yearly to maintain a quality plan and remain fiscally responsible for the future of our

retirement system. We offer several comprehensive insurance options to choose from, with the current options listed below. Plan offerings are updated annually, so check the ORS website for the most current information.

Enrolling in or Changing Insurance After Retirement

Enrolling after retirement. If you are enrolling yourself, your spouse, or dependents in insurance after retirement, your coverage will begin on the first day of the sixth month after ORS receives all required forms and proofs. For example, if we receive your request on February 10, your coverage will begin August 1. If you or a dependent has a qualifying event and ORS gets the request and proofs within 30 days of the event, coverage can begin sooner. For retirees who do not have Medicare, coverage can begin the first of the month after the month we receive your completed application and proofs. For retirees with Medicare, your coverage can begin the first day of the second month after we receive your request and any required proofs, including proof of the qualifying event.

For example, if ORS receives your application and proofs on July 10, your coverage will begin September 1.

Personal Healthcare Fund (PHF). If you have PHF, you cannot enroll in insurance after you have retired. You can only change plans. If you're

not sure if you have PHF, check [miAccount Michigan.gov/ORSmiAccount](http://miAccount.Michigan.gov/ORSmiAccount).

If you chose PHF, you opted out of the premium subsidy benefit and you will not be eligible for any insurances through the retirement system as a deferred retiree. If you disenroll from the plan at any time, you, your spouse, and any eligible dependents will not be able to reenroll. If your spouse or your dependents are disenrolled from the plan at any time, they will not be able to reenroll.

Changing plans. If you are currently enrolled in any health insurance plan with the retirement system, you can change your enrollment to another plan regardless of your Medicare status. Your change in coverage will be effective the first day of the second month after your request and required proofs are received. For example, if ORS receives your change request and any required proofs on January 10, your coverage with the new plan will begin on March 1.
