### **Automatic bill payment option**

Priority Health offers an electronic fund transfer process for collecting your monthly premiums. On the first business day of the month, we will automatically debit the checking or savings account that you name for the amount of your monthly/quarterly/semi-annual/annual premium.

1. You will receive your premium billing statement approximately 10 days prior to the deduction from your account.
2. To ensure payment is received, please have the funds available on the first day of the month.
3. If your account does not have enough money to pay your premium we will get a “non-sufficient funds” (NSF) notice from your account, and we will charge you an extra \$25.

Notify Priority Health of any changes to your designated account at least five business days prior to the last day of the month. Any changes made after this date may not become effective until your next billing cycle.

### **Paying by mail option**

Priority Health will accept personal checks, money orders, and cashier’s checks only. Payments are due on the first day of the month. Please allow 7-10 business days to receive and post your payment. If we have not received and posted your premium payment by the last day of the month in which the premium is due, we will end your policy effective as of the last date that your policy was paid in full.
