Provider Directory

Section 1 - Introduction

This directory provides a list of Priority Health Medicare's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You will have to choose one of our network providers listed in this directory to be your primary care provider (PCP). Generally, you must get your health care services from your PCP. The term "PCP" will be used throughout this directory.

The network providers listed in this directory have agreed to provide you with your health care, vision, dental and hearing services. You may go to any of our network providers listed in this directory. Other providers are available in our network. Referrals are not required; however, some services may require prior authorization. Covered services that need prior authorization are listed in Chapter 4 of your Evidence of Coverage (EOC).

You must use network providers except in emergency or urgent care situations [or for out-of-area renal dialysis or other services]. If you obtain routine care from out-of-network providers, neither Medicare nor Priority Health Medicare will be responsible for the costs.

You may get covered emergency medical care whenever you need it, anywhere in the United States and worldwide. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.

Pharmacy Directory

Plan year 2020

This Pharmacy Directory is current as of December 1, 2020.

For more recent information or other questions, please contact Priority Health Medicare, at 833.939.0983 or, for TTY users, 711, seven days a week from 8 a.m. to 8 p.m., or visit prioritymedicare.com.

Introduction

This booklet provides a list of Priority Health Medicare's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and **Priority**Medicare D-SNP'sSM formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under Priority Health Medicare only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of *December 2020*.

For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact Priority Health Medicare.

v: Indicates that this pharmacy participates in the Priority Health Medicare Part D vaccine network. If you get your Part D vaccination from one of the pharmacies in our vaccine network, then the pharmacy can bill us directly. You don't need to fill out a member reimbursement form. Your copayment or coinsurance will apply.

e: Indicates that this Priority Health Medicare network pharmacy supports electronic prescribing.

MAIL ORDER AND HOME INFUSION PHARMACIES

MAIL ORDER PHARMACY

You can get prescription drugs shipped to your home through our network mail order delivery program which is called "*Express Scripts Home Delivery*".

If you have used mail-order services with your current plan before, or if you opt-in now, our network pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt-out of automatic deliveries of new prescriptions at any time by contacting Express Scripts by phone or email. Just call 888.378.2589 or go online to *express-scripts.com* and create an online account to send a secure email. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 14 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact Express Scripts by phone or email. Just call 888.378.2589 or go online to *express-scripts.com* and create an online account to send a secure email.

Typically, you should expect to receive your prescription within 14 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact Customer Service toll-free at 833.939.0983, from 8 a.m. to 8 p.m., seven days a week. TTY users should call 711.
