I. POLICY/Criteria

A. Coverage is available for standard orthotics/support devices only. Restrictions and limitations, some of which are described below, apply.

B. Orthotics/support devices are defined as rigid or semi-rigid devices that are worn externally to:

1. Support a body part weakened by disease or injury, or
2. Restrict or eliminate motion in a diseased or injured body part.

C. The orthotic/support device must be prescribed for a medical condition and worn for more than activity-specific use.

D. Pre-authorization of orthotics/support devices greater than $1,000.00 is required for Commercial and Medicare members. Pre-authorization of orthotics/support devices greater than $500.00 is required for Medicaid/Healthy Michigan Plan members.

E. Limits/Indications

1. Some examples of covered support devices are:
   a. Splints
   b. Support stockings (Jobst, TEDS)
   c. Knee braces are covered according to InterQual® criteria

2. The following are not a covered benefit:
   a. Shoes, shoe inserts and other supportive devices of the feet. Coverage exceptions are defined in Medical Policy # 91420, Orthotics: Shoe Inserts and Orthopedic Shoes.
b. Orthotics/support devices worn only during elective activities (e.g. sports).
c. Elastic or neoprene sleeves (e.g. ace bandages, knee sleeves).
d. Any non-rigid (i.e. without stays) orthotic/support device.
e. Personal comfort or convenience orthotic/support devices, or household items.

3. If quality and effectiveness are comparable, the least costly device will be covered.

4. Professional fees related to dispensing or customizing the item or educating or training the member are covered as part of the orthotic/support device cost. These services are the responsibility of the vendor or provider and are not reimbursable as a separate fee. Charges from facility or vendor employees are not a covered benefit.

5. The decision to repair or replace orthotics/support devices will be at the discretion of the Health Management department. The following guidelines apply:
   a. Repairs or maintenance as a result of normal use are a covered benefit.
   b. Repairs or maintenance as a result of misuse or abuse are not a covered benefit and are the responsibility of the member.
   c. Replacement of orthotic/support device damaged by normal use or required due to body growth is a covered benefit.
   d. Replacement of orthotic/support device as a result of misuse or abuse is not a covered benefit and is the responsibility of the member.
   e. Replacement of lost or stolen orthotic/support device is not a covered benefit.
   f. Requests for replacement orthotic/support device when existing orthotic/support device is not damaged requires a physician's statement documenting a change in the member's condition and the rationale for the replacement item. The decision to replace or upgrade the device is at the discretion of the Health Management Department.

6. Coverage is limited to one (1) orthotic/support device unless replacement is covered under the replacement guidelines in this policy. Multiples of an item may be a covered benefit if medically indicated (e.g. post-mastectomy bras (2 every 6 months), support stockings (12 per year or 6 pair), AFOs (4 per year or 2 pair)).

Special Notes: See Orthotics—Shoe Inserts and Orthopedic Shoes Medical Policy #91420.
