For help teaching your child about fire safety:
Talk with firefighters at your local fire station

Health Tips:
Your child will need some shots before starting school. Make sure you get them soon.

Be a role model for your child. Teach your child healthy habits by eating healthy foods, limiting screen time (T.V., computers, video games) and encouraging family physical activity.

Help your child get enough sleep so she will be happier and will learn easier! Put her to bed early so she gets 10 to 12 hours of sleep at night. Have a bedtime routine to calm your child before going to sleep. Read a story or talk together before bed.

Each child develops in his own way, but you know your child best. If you think he is not developing well, call your child’s doctor or nurse and tell them your concerns.

Parenting Tips:
Help your child know what to expect by making a calendar of pictures to show her activities for the day.

Your child learns best by doing. He needs to:
- Play active games (tag, ball, riding toys, climbing)
- Play board games and do puzzles

Limit television and computer time to 1 – 2 hours a day.

Help your child feel good about herself and others:
- Praise your child every day
- Be clear about behaviors that are okay or not okay
- Help your child use words when she is feeling upset instead of hitting, kicking, biting or saying mean things
- Talk to your child about why teasing other children is wrong and what she should do instead

If you feel very mad or frustrated with your child:
1. Make sure your child is in a safe place and walk away.
2. Call a friend to talk about what you are feeling.
3. Call the free Parent Helpline at 1 800 942-4357 (in Michigan). They will not ask your name, and can offer helpful support and guidance. The helpline is open 24 hours a day.

Safety Tips
Booster car seats are for big kids! Use a booster in the back seat with lap/shoulder belts.

Make sure your child knows his address and phone number. Teach him how to call 911 in an emergency and to stay on the line if he has to call for help. Practice with a toy phone.

Teach your child to stop, drop, and roll on the ground if her clothes catch on fire.
