

Southeast MI Partners tiered network plan

An ideal network solution for employers with employees
who work and live in Southeast Michigan

A tiered network offering great care at a great price

Southeast MI Partners gives you and your employees the opportunity to save more on premiums and out-of-pocket costs simply by receiving care in the preferred Tier 1 network of doctors and hospitals.

How does a tiered network work?

Providers are separated into two tiers: Tier 1 and Tier 2. We partner with our Tier 1 providers to lower member costs. If employees choose care through a Tier 1 provider, they'll benefit from lower coinsurance, copays and deductibles.

Employees will still have access to the entire Priority Health network in Tier 2. However, if they choose to receive care outside of the Tier 1 network, they will have a higher cost share.

All Tier 1 and 2 providers meet our rigorous quality standard and share our commitment to care management and coordination.

Receive the same quality care at a more competitive price

Southeast MI Partners is an ideal solution for price-sensitive groups with employees who live and work in one of the following counties in Southeast Michigan:

- Wayne
- Livingston
- Oakland
- Washtenaw
- Macomb
- St. Clair

Why choose a tiered network?

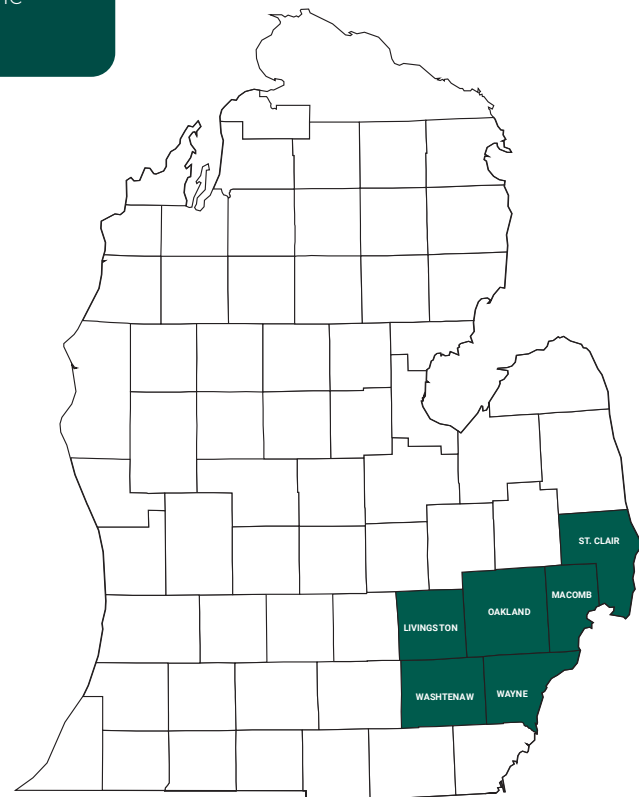

A tiered network can help employers save on premiums and help employees save on out-of-pocket costs—all by utilizing the selected Tier 1 provider network.

Small group compatible plan designs

- PriorityClassic
- PriorityHSA

Large group compatible plan designs

- Copay Aligned
- Tiered Copay
- Traditional Copay
- PriorityHRA
- PriorityHSA
- PriorityValue

TIER 1

- Ascension St. John and Ascension Providence hospitals and select affiliated physicians
- Corewell Health in Southeast Michigan (formerly Beaumont Health) and affiliated physicians
- Detroit Medical Center hospitals and affiliated physicians
- Lake Huron Medical Center and affiliated physicians
- Michigan Medicine for non-primary care with referral only
- Trinity Health in Southeast Michigan and select affiliated physicians
- Statewide ancillary facilities in the Priority Health network, including: labs, physical therapy, radiology and home health care
- All in-network pharmacies
- Emergency services

TIER 2

All non-Tier 1 providers currently covered under the Priority Health network.

OUT-OF-NETWORK

With an HMO tiered-network solution, only services performed within the Priority Health HMO network are covered. With a POS tiered-network solution, services within or outside of the Priority Health network are covered.

Search for Providers

Check Find A Doctor at priorityhealth.com and choose **Southeast MI Partners**, then search for a provider to see if they are Tier 1.

Certainty in your network

Our goal is to ensure all members enrolled in Southeast MI Partners understand how and where to receive high quality, affordable care. Members receive onboarding material such as a quick start guide, emails, and information on their member ID cards indicating their plan as a Southeast MI Partners plan.
